To find the words you are looking for, you must first fill the gaps:

Abortion is the **termination** of a pregnancy in the **womb**.

Abortion is currently **legal** in the UK. It can normally be performed up to **twenty-four** weeks into the pregnancy. To have an abortion, a woman must get the consent of two **doctors**. There are several reasons for which a woman can get an abortion. These include it causing mental or **physical** harm to the mother and the potential of the child being born with a severe **disability**.

Many religious people oppose abortion because they believe in the **sanctity** of life. However, some may allow it in certain situations.
